

Session Program

2-6 Aug 2021

**A Virtual Tribute to Quark Confinement and
the Hadron Spectrum 2021**

Round Table

online

Monday 2 August

18:10
19:10

Round Table: EIC round table
Session | **Location:** online | **Convener:** JianWei Qiu

18:10-19:10

EIC round-table discussion
Speaker
Jianwei Qiu

Tuesday 3 August

10:10

11:10

Round Table: Open Quantum Systems round table

Session | **Location:** online | **Convener:** Hans-Werner Hammer

10:10-11:10

Open quantum systems round-table discussion

Speaker

Hans-Werner Hammer

Wednesday 4 August

18:10

19:10

Round Table: Machine Learning round table

Session | **Location:** online | **Convener:** Prof. Kyle Cranmer

18:10-19:10

Machine learning round-table discussion

Speaker

Kyle Cranmer

Thursday 5 August

11:30

Round Table: Special topical session: QCD and the muon $g-2$

Session | **Location:** online | **Convener:** Alexander Rothkopf

11:30-13:10 Zoom recording of the muon $g-2$ round-table

11:30-11:50 First Results From the Fermilab Muon $g-2$ Experiment

Speaker

Eremey Valetov

11:50-12:10 Data-driven approaches to the muon $g-2$

Speaker

Gilberto Colangelo

12:10-12:30 A lattice QCD perspective on the muon $g-2$

Speaker

Zoltan Fodor

12:30-12:50 A BSM perspective on the muon $g-2$

Speaker

Andreas Crivellin

12:50-13:10 Discussion

Speaker

Jorge Portoles

13:10
